# MARINE AND GENERAL MUTUAL LIFE ASSURANCE SOCIETY.

ESTABLISHED 1852.

Head Office—14 LEADENHALL STREET, LONDON, E.C.

SIR THOMAS SUTHERLAND, G.C.M.G., LL.D., *Chairman.*

LIFE ASSURANCE IN ALL ITS BRANCHES  
AND MARINE INSURANCE ON EFFECTS.

PROFITABLE AND ABSOLUTELY SAFE INVESTMENTS  
FOR YEARLY SUMS, AND  
UNRIVALLED BONUSES, WITH MODERATE PREMIUMS.

The strong position and the profitable nature of the Membership are apparent in the undernoted figures:—

Funds at December 1900, over ONE MILLION.

Accumulated Funds, 1899,	-	-	£995,538
Net Liability under all Contracts,	-	-	834,169
Cash Surplus at last Valuation,	-	-	161,369
Amount Divided,	-	-	120,028

Invested Funds show an average return of over £4 per cent. per annum, while valuations are carried out on the strict basis of 3 per cent. only.

Reversionary Bonus, £2 10s per cent. per annum on WHOLE LIFE. These Bonuses have been paid without interruption for the past 25 years, thus giving £125 per £1000 every Five years, and, as shown above, *leaving one quarter surplus undivided and carried forward.*

## SPECIMENS OF BONUSES.

Date of Policy.	Age at Entry.	Sum Assured.	Bonus Additions to 31st Dec. 1899.			Total Premiums Paid.			Total Amount of Policy at 31st Dec. 1899.

It will be seen by above that Bonuses practically replace Premiums paid. All Policies taken out prior to 1857 have been **Doubled** by Bonuses.

**DOUBLE ENDOWMENT ASSURANCES.**—Effected without reference to age, but simply on the term the Assurance has to run, and without extra for *Residents abroad* or on *Mariners' Lives*.

#### **EXCERPTS FROM OPINIONS OF THE NEWSPAPERS.**

*The Searchlight*, April 1900—"The Marine and General is a fine type of a mutual life assurance society, and could, were it so disposed, push the business with much greater energy. It prefers, however, to proceed warily, and to rest its fame upon the results to the policyholders, rather than upon the pomp and display of a big income—and, possibly attenuated profits. To put it clearly, a man insured in this society at the last investigation received a reversionary bonus of **£2 10s** per cent. per annum on his policy; whereas, in another office of more pretentious size he might have received only **£1 5s** per cent. bonus."

*The City Press*, July 1900.—"We repeat, with emphasis, that the security afforded by the Marine and General Mutual Office is 'second to none.'"

*Fairplay*—"It would not be easy to adduce parallel results."

*The Local Government Journal*—"A Progressive Assurance Office, and it is impossible for intending Insurers to find a better."

*Statist*—"It looks as if this Society ought to be able to maintain, if not to increase the Bonus that it has paid so long. This is a very Satisfactory Position for a Life Office to find itself in, and should be able by Force of Merits to attract a large number of new policyholders."

**PROFITS.**—These are divided every Five Years amongst the Members, without any deduction for Dividends to Shareholders.

For the Five Years ending 20th November 1897, a Cash Profit of £714,390 was apportioned amongst the Members, being nearly 37 per cent. of the amount paid in Premiums during the previous Five Years.

There were then nearly 1000 Policies in respect of which not only were the Premiums ENTIRELY EXTINGUISHED, but Cash Bonuses were also Paid, whilst in the case of many Policies the original sums assured are now MORE THAN DOUBLE by the Bonus Additions.

**The Next Division will be made as at 20th November 1902, and all Assurances then existing will participate.**

### ENDOWMENT ASSURANCE.

Policies are issued combining Life Assurance at Minimum Cost with Provision for Old Age. The practical effect of these Policies in the National Provident Institution is that *the Member's Life is assured until he reaches the age agreed upon, and on his reaching that age the whole of the Premiums paid are returned to him, and a considerable sum in addition, representing a by no means insignificant rate of interest on his payments.*

# SCOTTISH EQUITABLE LIFE ASSURANCE SOCIETY.

ESTABLISHED IN 1831 FOR MUTUAL LIFE ASSURANCE.

*President.*

HIS GRACE THE DUKE OF BUCCLEUCH AND QUEENSBERRY, K.T.

*Vice-President.*

SIR GRAHAM GRAHAM MONTGOMERY OF STANHOPE, BART.

THE SOCIETY has now been in existence for 68 years, and is steadily growing in popular favour, as is shown by the figures in the following table:—

Year.	Number of Policies in Force.	Existing Assurances.	Income.	Assurance Fund.
1883	14,472	£9,230,034	£370,686	£2,662,117
1888	17,249	10,477,580	401,469	2,985,261
1893	20,674	11,532,364	471,946	3,504,744
1900	25,484	13,041,687*	508,798	4,318,035

\* Including the new bonuses last declared.

At the Sixteenth Division of Profits, made as at 1st March 1898, a Compound Bonus was declared at the increased rate of 28s per cent. per annum on the original sums assured, and on the previous bonus additions.

THE PREMIUMS are calculated by half-years of age.

## NEW PLAN OF IMMEDIATE BONUS POLICIES.

Special attention is directed to this New Scheme, the rates under which are less than the usual Non-Profit rates. The yearly premium payable at age 30 for an Ordinary With-Profit Policy for £1,000 will assure £1,300 under this new plan, thus securing an Immediate Bonus of £300.

ANNUAL PREMIUMS to assure £100, subject to further reduction, as mentioned in Special Prospectus, if the Society's rate of Bonus exceeds 25s per cent.:—

### AGE NEXT BIRTHDAY.

20	30	40	50
£1 12s.	£1 18s 8d.	£2 12 2d.	£3 15s 10d.

The sums assured under these Policies being *absolutely guaranteed*, they are particularly suitable for Marriage Settlements, &c., when it is desired to obtain the largest possible Assurance for the smallest present outlay.

**ENDOWMENT ASSURANCE POLICIES** issued on unusually favourable terms.

**THE GUARANTEED MINIMUM SURRENDER VALUE IS ENDORSED ON EACH POLICY ISSUED.**

**Complete and liberal Non-Forfeiture Regulations.**—The Society has adopted the principle of Non-Forfeiture to its fullest extent; and there is now no possibility of a valuable policy being forfeited through an accidental omission to pay the premium.

CLAIMS are payable immediately after proof of death and title.

Loans granted in connection with Life Assurance on Life Interests, Reversions, and other approved security. Reversions purchased.

### EARLY BONUS SCHEME (E.B.).

The following among other special advantages apply to ordinary Policies issued under this Scheme. Besides being payable immediately on proof of death and title, they are, *at the end of three years from their date,*

- Entitled to Rank for Bonus Additions;
- Indisputable on the ground of Errors or Omissions;
- World-Wide without extra Charge; and
- Kept in force wholly or partially even in cases of Non-payment of Premium.

### SPECIAL BONUS SCHEME (D.B.).

Under this Scheme PROFIT POLICIES are issued at *Non-Profit Rates*, and share in the Profits when the Premiums received, accumulated at 4 per cent. compound interest, amount to the Sum Assured. *Policies issued at these cheap Rates practically receive a large Bonus at the outset.* At age 30, £1,200 can be insured for the same Premium as would be charged for £1,000 under the usual Profit Schemes of most Offices.

Policies of this class which have for the first time become entitled to rank for Bonus have received Additions at the rate of £10 per Cent., besides a further progressive addition of £1 per Cent. per Annum.

# DUNDEE DIRECTORY,

## 1901-1902.

### GENERAL NOTICE.

THE social and commercial conditions of the city for a time may fittingly be described as having been fairly successful—holding, in fact, a medium position between excessive briskness and sluggish inactivity. No outstanding feature has been impressed upon the year to give it a distinctive mark, and no event has occurred to bring it into special significance. There has been an absence of those influences, subtle and uncertain in their tendencies, which so often perniciously affected the fluctuating progress of former years. A routine, seldom diverging from the common groove, was apparent throughout, and the jute industry, upon which so much depends, holds much the same position to-day as it did twelve months ago. Wages are good, there has been an absence of strikes and trade disputes, and on the whole the average operative has little reason to complain either about the distribution of labour or the rate of remuneration for it. Flax and kindred fibres as marketable commodities have been abnormally scarce, and not for a quarter of a century have prices ranged so high as at present. The past six years in particular show a great decline in the supply. In 1895 the imports at Dundee amounted to 30,643 tons. In 1900 the imports were 13,792 tons—fully less than one-half. This is attributed largely to the falling off of the crop, and that cause, combined with the exigencies of the war in South Africa, where there is a demand for fabrics composed of flax, has given an impetus to upward prices.

With the exception of the building trades, business generally has been good. Minor industries in particular have been fully sustained, and the hands connected therewith have been kept steadily at work. Bakery, confectionery, marmalade, tinwork, fancy bag-making, and kindred professions, are growing in number and extent, and efforts, which deserve every encouragement, are constantly being made to introduce new phases of trade into the city. It has long been felt that we are too much dependent upon jute, and that article alone; hence the desire for greater diversity in business and occupation. The manufacture of linoleum, which has so often been talked of, is also likely to assume definite shape, as it is stated that a company, furnished with a large working capital, is about to be formed with that end in view. It is satisfactory, too, to note that shipbuilding, which at one time flourished in Dundee, is brisker than it has been for a long time. The past year has been exceptionally busy in this line, a more than customary number of vessels of various classes either being on or have left the stocks. The facilities which the city with its fine river possesses for shipbuilding purposes are being more and more recognised, and, as the work produced is equal to that turned out elsewhere, owners are not so reluctant as they have hitherto been to place orders with our Tayside firms. In connection with Harbour affairs it may be stated

that the "Discovery," built by the Dundee Shipbuilders' Company for Antarctic Exploration, was launched on 21st March; and that the Fish Dock, constructed specially to develop the fishing industry, was opened on 27th June last.

For many years, owing to the continuous extension of the city, the building trades have been exceptionally full-handed. If any section has benefited by our enterprise, it has been these trades. The ever-increasing population, the opening up of new areas, and the erection of public and private buildings, have kept them to the forefront. For some time, however, it has been evident that building, especially tenemental, has been overdone; that the class of house erected was not the kind in demand; and that, in fact, the inhabitants were not increasing sufficiently fast to keep pace with the accommodation intended for their use. The slackness which is imminent is due rather to the over-reaching policy of property speculators than the actual necessity for the buildings. The activity therefore that so long existed in these circles is on the wane, and there are unmistakeable indications that there will not be a revival for some time. No doubt large works are in progress for the Town Council, but there is no hope of a busy season so far as private enterprise is concerned. To some extent the opening of the new Tramway routes is inducing, and will induce, building operations at or near the termini of these routes, but any buildings that may be erected at these places will not be of a very extensive nature. The opening of new streets on Hospital Park by the Town Council may lead to the erection of tenemental properties there, but that at the moment is mere speculation. There are no public buildings of real importance likely to be erected in the city, excepting probably the Medical School, in connection with University College, and St Thomas' new Established Church at the junction of Lochee Road and Tullideph Road. Buildings in progress for the Town Council are not so numerous as they have hitherto been, but they include the completion of the New Museum and the retaining wall and railing at Dudhope Park, the erection of new wash-houses at Lochee, Constable Street, and Caldron Street, the extension of the existing washing-house in Guthrie Street, brought about in this particular case by the extraordinary success attending the opening of that establishment; and the acquirement of Polepark House as a Reception House for isolation purposes connected with infectious diseases. The only other undertakings of consequence are the extensions at King's Cross Hospital, which are making slow progress, the erection of Tramway Car Sheds at Maryfield, and the comprehensive additions to the buildings at the Gas Works. The new church for Wishart Congregation in King Street is well underweigh; a fine building has just been completed in South Commercial Street to be devoted to tenemental as well as business uses; and a number of villas are in progress on the Baldovan and Blackness estates. A start has been made with St Mary's Episcopal Church, Well Road, Hawkhill; and operations are begun with the Foresters' Hall and other erections in Ward Road. The reconstruction of Messrs Keiller's Marmalade and Confectionery Works, which were destroyed by fire

on 10th May last year, forms one of the largest orders in the building line at present on hand. The Sanatorium for Consumptives, though it does not come specifically within the scope of our local notes, is so far associated with the city that it must not be lost sight of. For several months workmen have been engaged making roads, laying foundations, and preparing for pushing the work forward. Great interest is being taken in the progress of this institution, the good results from which will be far-reaching.

The Electric Tramways have met with much success. The routes completed are Lochee, Perth Road, Blackness Road, and Murraygate, King Street, Albert Street, to Maryfield. The Seagate route is on the way, and negotiations are going forward for the opening of lines *via* Constitution Road, Infirmary Brae, and Constitution Street to top of Hilltown. Several important street alterations have likewise been carried out, principally in connection with the Tramways, notably in Seagate and Blackscroft, Blackness Road, Ferry Road, and a large part of Barrack Road. The effect of these widenings has been to improve to a great extent the districts in which they have taken place; and a much-needed relief has been given to such congested streets as Seagate and Blackscroft by these operations.

The only other work of any magnitude of a public character is that of the Esplanade, arrangements for the extension of which have now been completed. In a short time bridges at Magdalen Green and Ninewells will be constructed over the railway to give facilities for foot and carriage traffic. Considerable changes will soon be effected in the vicinity of these points. The Caledonian Railway Company, being desirous of extending their siding accommodation, are negotiating for sufficient ground to enable them to lay down three lines of rails in addition to those already existing.

Socially and politically no event has occurred to disturb to any degree the equanimity of the public mind. On 3rd October last Mr Edmund Robertson and Sir John Leng were returned as Parliamentary representatives of the burgh after a smart fight with Mr A. D. Smith and Mr J. E. Graham. Mr Smith appeared in the Conservative interest, and Mr Graham in that of the Liberal Unionist.

Dundee has stood well by her citizen soldiers. On 24th January and 25th April last year the detachments who volunteered to go to South Africa were honoured with the freedom of the city in the Drill Hall, in presence of the highest civic dignitaries, and many notable citizens. The career of the volunteers in South Africa was closely watched; and after having done their duty faithfully and well, they returned to their homes on the evening of Friday, 17th May of this year. The Volunteers were officially met at Magdalen Green Station by the Magistrates and Town Council, and conducted to Drill Hall, where they were addressed in complimentary terms by Lord Provost Hunter. On the Monday evening following they were entertained to a public reception in Victoria Art Galleries.

Mr Alexander Hay Moncur, whose portrait forms the frontispiece to this year's Directory, is one of the most honoured and perhaps the most munificent of our citizens. To praise Mr Moncur is superfluous. His deeds and acts speak for themselves. No one has done more for

the welfare of the community. All his actions have been large-hearted, beneficent, and praiseworthy. He has given the best of his days to the public. For years he was a municipalist of the first order, filling worthily and wisely the positions of Councillor, Bailie, and Provost. Mr Moncur was a member of all important public Boards in the City, and in the management of their affairs he was scrupulously painstaking and careful. It is as an educationist he is best known. Entering the first School Board in 1873, he remained a member till April of last year. For fifteen years he discharged the duties of Chairman, having been twice elected to that important office. He worked ardently in the cause of temperance, ever striving to forward the physical, intellectual, moral, and spiritual well-being of the youth of Dundee. Amongst his numerous benefactions, those that stand pre-eminently out are the Bannatyne Home for Working Women and the Sanatorium for Consumptives. These gifts, characteristic of a thoughtful, high-principled mind, alone will keep Mr Moncur's name green in future days. His private life has been as pure as it has been conscientious, and his whole career is marked by the most praiseworthy and elevating characteristics.

Death has made serious encroachments upon the ranks of useful and well-known citizens, amongst these being Mr A. M. Grimond, manufacturer; Mr David Alexander, German Consul; Mr R. B. Ritchie, accountant; Mr John M'Farlane, sculptor; Captain William Packham; Mr O. G. Miller, late merchant; ex-Bailie Graham, late manufacturer; Mr Alfred Boase, bleacher; Mr John Birrell, teacher; Rev. John Brand, Downfield; Rev. Robert Lang; Mr A. J. Buist, merchant and manufacturer; and Mr Robert Lamb, merchant.

The usefulness and influence of the Directory is every year extending. With the view of still further widening its scope, we have introduced plans of Newport and Wormit (combined) and of the burgh of Tayport. These suburbs of Dundee are yearly growing, and it is to give a correct estimate of the area they cover that the plans have been prepared. They are corrected up to date by Mr T. M. Cappon, F.R.I.B.A., Burgh Surveyor of Newport, and Mr George A. Harris, Burgh Surveyor of Tayport, respectively.

Other new and useful features will be found in the list of Church and Sunday School officials. These lists have been carefully arranged and tabulated, so that the names and residences of the officials, and the churches and schools to which they are attached, can be readily obtained. The lists include Session Clerks or Secretaries, Congregational Treasurers, Leaders of Psalmody and Organists, Church-officers, and Superintendents of Sunday Schools. A similar arrangement has been made with regard to Missions, the Churches under whose auspices they are conducted, and the places where they are held, being allocated in tabular form.

The census of the city has been disappointing in its results. Owing to the large number of new properties which were being erected, and the extension of the city, it was expected that during the previous decade the population had been largely augmented. The publication of the figures show the increase to be 6,753, the population in 1891 being 154,118; and 1901, 160,871.

A Private Card becomes a Post Card when it has a halfpenny stamp affixed to its face. It must be composed of ordinary cardboard, not thicker than the material used for the official Post Card. The maximum size must correspond as nearly as may be to the size of the Inland Official Card, and the minimum size must not be less than  $3\frac{1}{4}$  by  $2\frac{1}{4}$  inches. The rules in the preceding paragraph also apply to Private Cards.

## EXPRESS DELIVERY OF LETTERS AND PARCELS.

There are three systems by which letters and parcels can be specially delivered, as under :—

(1) *By special messenger all the way.* For a letter or packet the Express fee (inclusive of charges for omnibus, tramcar, railway, &c.), is :—For every mile or part of a mile, 3d. (Ordinary postage is not charged). Every packet must be handed in over the counter, and must have the words "Express Delivery" boldly marked above address.

If the sender desires that a cab or special conveyance be used, the cost of such must be paid. If the distance exceeds 2 miles, and a public conveyance is not available, or if the packet or packets exceed 20 lbs. in weight (or 15 lbs. if a public conveyance be not available), the cost of a special conveyance must be paid. But any Express packet not exceeding 5 lbs. may be delivered by foot messenger up to a distance of 3 miles at the Express fee of 3d per mile.

On the delivery of an Express packet, the messenger may take a reply, or perform a further delivery service. The fee must be prepaid either by the sender of the first service or by the sender of the reply or further service.

(2) *By special messenger after transmission by post.* In addition to the full ordinary postage the Express fee is :—For every mile or part of a mile from office of delivery, 3d. Letters may be posted like ordinary letters, but they must be marked "Express Delivery," and have a thick perpendicular line drawn on each side of the envelope.

If the sender desires that a special conveyance be used, or if the distance exceeds 2 miles, and a public conveyance is not available, the cost of a special conveyance must be paid. But any Express packet, not exceeding 5 lbs., may be delivered by foot messenger up to a distance of 3 miles, at a fee of 3d per mile, in addition to the postage.

On the delivery of a letter or parcel the messenger may take a reply or perform a further service if desired.

- (3) *By special delivery in advance of the ordinary mail.* Persons who desire at any time to receive their letters or parcels in advance of the ordinary delivery may have them delivered by special messenger on payment of the following fees, viz. :—The full Express fee of 3d a mile as for one packet, and 1d for every 10, or less number of additional packets.

#### INLAND PARCEL POST.

Parcels not exceeding 11 lbs. in weight, 3 ft. 6 in. in length, or 6 ft. in length and girth combined, are received at any Post Office for transmission between places in the United Kingdom. The rates of postage are :—

„ 4 lbs. „	5 lbs., 7d	„ 9 lbs. „	11 lbs., 1s

Postage stamps to the required amount must be affixed by the sender, and parcels must not be posted in a letter-box, but must be taken into a Post Office and handed over the counter. A certificate of posting may be had on application.

Parcels containing fish, game, meat, eggs, &c., or razors, scissors, needles, knives, forks, or other sharp instruments, are not accepted unless securely packed so as to guard against risk of injury to other parcels. Liquids or semi-liquids, such as jellies, pickles, paint, varnish, &c., are not accepted unless in bottles or cans securely stoppered; nor powders, unless well packed. Live bees are allowed to pass by letter or Parcel Post, if sent in suitable cases, so packed as to avoid all risk of injury.

Parcels addressed to a Post Office to be called for, or to a person residing beyond the free postal delivery, are kept three weeks. At the end of one week, if the parcel bears on the outside the sender's name and address, a notice of the fact that the parcel has not been delivered is sent to him.

Parcels addressed to a Post Office “to be called for,” are liable to a demurrage charge at the rate of 1d a day. No demurrage is charged on parcels addressed to persons outside the limits of free delivery, or to persons on board ship.

In order to facilitate the return of parcels which cannot be delivered, it is most desirable that the name and address of the sender should appear on the outside of every parcel.

#### *Compensation for the Loss or Damage of Unregistered Inland Parcels.*

If a parcel is not registered, the Postmaster-General will accept liability up to £2, without payment of any fee beyond the postage, provided that—(1) the parcel is posted in the manner prescribed for the posting of parcels, and the postage prepaid; (2) a certificate of posting is obtained from the officer receiving the parcel; (3) the contents of the parcel are securely packed.

No compensation (either for loss or damage) will be given in respect of a parcel containing (1) anything which may not be sent by Inland Parcel Post; (2) money; (3) a watch or jewellery, unless registered.

No compensation will be given in respect of damage to a parcel containing eggs, soft fruit, liquids, or any exceptionally fragile or perishable articles; but, in all such cases, compensation will be given in respect of the loss of the parcel, or of any article contained therein.

#### INLAND REGISTRATION.

The ordinary registration fee for each inland letter, parcel, or other postal packet, is 2d.

The Postmaster-General will (subject to certain rules) give compensation

up to a limit of £5 for the loss and damage of any Inland Registered Packets upon which this fee has been paid in addition to the postage; and he will grant compensation beyond £5 and up to a limit of £120 upon prepayment of a fee in addition to the postage and the ordinary registration fee. The scale of fees and the respective limits of compensation are as follows:—

Fee 2d,	Compensation	£5.	Fee 9d,	Compensation	£70.

„ 7d,	„	£50.	„ 1/2,	„	£120.
„ 8d,	„	£60.			

Every article presented for registration must be enclosed in a strong cover, securely fastened with gum or other adhesive. It must be given to an Agent of the Post Office, and a receipt obtained for it. If an article marked “Registered” be dropped into a letter-box, it will be liable to a registration fee of 4d (less any amount prepaid for registration).

Every article presented for registration should be marked “Registered,” and with the amount of the fee proper to the value up to which the sender desires to secure compensation, thus—“Registered 2d,” or “Registered 3d.”

Inland postal packets containing coin, watches, or jewellery, if posted without registration, are subject to compulsory registration, and are charged on delivery with a fee of 4d, in addition to the ordinary postage. Letters containing Postal Orders in which the name of the payee has not been inserted, uncrossed cheques, dividend warrants, bank notes, postage stamps to the value of more than a shilling, and any other article of a value exceeding one shilling, will, when found open in the post, or when opened in the Returned Letter Office, be subject to registration, and be chargeable with a registration fee of 2d. Like treatment is applied to parcels containing articles of considerable value, and to letters containing any article of a value exceeding one shilling.

The sender of an Inland postal packet may obtain an acknowledgment of its due delivery by paying, at the time of posting, a fee of 2d in addition to the postage and registration fee.

The registered Parcel Post is also available for watches and jewellery. Money may also be sent in a registered parcel, but no compensation will be given in respect of the loss or damage of such parcel.

RE-DIRECTION.

Letters, book packets, post cards, and newspapers are not liable to additional postage for re-direction, whether re-directed by an officer of the Post Office or by an agent of the addressee after delivery, provided in the latter case that the letters, &c., are re-posted not later than the day (Sundays and public holidays not being counted) after delivery, and that they do not appear to have been opened or tampered with.

Parcels are, when re-directed, liable to additional postage at the prepaid rate for each re-direction, except where the original and corrected addresses are both within a delivery from the same Post Office.

Registered letters, &c., when re-directed, must either have the word “registered” erased with ink before being re-posted, or they must be taken back to the Post Office to be dealt with as registered.

A Postmaster is not bound to re-direct letters for a person temporarily leaving home, unless the house be left uninhabited; nor, as a rule, does he re-direct letters addressed to clubs, hotels, boarding-houses, or lodgings,

## MONEY ORDERS.

When applying for Money Orders, the public should use the printed "Application Forms," which are supplied gratuitously at all Money Order Offices.

The commission on Inland Money Orders is:—For sums not exceeding £1—2d; not exceeding £3—3d; not exceeding £10—4d.

The applicant must furnish, in full, the surname and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter's address. In the case of Foreign Orders the full address of the payee must be given; and if the Order be payable to a native in British India, the Tribe or Caste, and the Father's name should also be furnished.

*Exceptions.*—1st. The remitter of an Inland Order may direct at the time of issue, that the Order be crossed like a cheque thus, & Co., and thus be payable only through a Bank. In that case he may give or withhold the name of the payee. The designation of the Bank need not be furnished.  
2d. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient.  
3d. The usual designation of a firm, as well as the ordinary title of any company or society, is sufficient either as remitter or payee.

If the remitter of an Inland Money Order is desirous of delaying payment for any period not exceeding ten days, he must, at the time of issue, sign his name in the place allotted at the foot of the Money Order, and should inform the Postmaster that he wishes payment to be so deferred.

To guard against fraud the remitter is recommended,—

1st. When he is well known to the payee, to sign the letter enclosing the Order with his initials only.

2nd. When this is not the case, either to make the Order payable ten days after date, or to register the letter enclosing it, or to make the Order payable through a bank by crossing it like an ordinary cheque.

3d. When it is not considered expedient to adopt either of these courses, to send the remitter's name (without a knowledge of which payment cannot be obtained) in a separate letter from that containing the Money Order; although this precaution is less effective than either of the others.

Money Orders for amounts not exceeding £50 are issued free of charge when required for the remittance of Income Tax, Inhabited House Duty, Land Tax, Excise Duties, or Legacy and Succession Duties.

Money may be transmitted by Telegraph Money Order in the United Kingdom. The commission is:—For sums not exceeding £3—4d; not exceeding £10—6d; and, in addition to the commission, a charge is made at the ordinary inland rate for the Official Telegram authorizing payment at the Office of Payment, the minimum being 6d. ## FOREIGN AND COLONIAL PRINTED PAPERS AND COMMERCIAL PAPERS.

Articles which may be sent to places abroad under these designations consist of two classes, as follows:—

- (a) "Commercial Papers," under which are comprised all papers or documents written or drawn wholly or partly by hand (except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence), documents of legal procedure, Deeds drawn up by public functionaries, copies of or extracts from Deeds under private seal, written on stamped or unstamped paper, Way Bills, Bills of Lading, Invoices, and other documents of a mercantile character, documents of Insurance and other public companies, all kinds of manuscript music, the manuscript of books and other literary works, and other papers of a similar description.
- (b) "Printed Papers." The articles which may be sent at the rate applicable to Printed Papers are mostly impressions or copies obtained upon paper, parchment or card-board, by means of printing, lithography, engraving, photography, or any other mechanical process easy to recognize. This description includes newspapers, periodical works, books (stitched or bound), pamphlets, sheets of music, visiting cards, address cards, proofs of printing, plans, maps, catalogues, prospectuses, announcements, circulars, notices, engravings, photographs, designs, manuscript for press (when sent with proofs of same), papers impressed for use of the blind, or card-board drawing models stamped in relief, and anything (not being of glass) usually appurtenant to any of the before-mentioned articles in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission which shall be contained in the same packet. Postage stamps, obliterated or not, and all printed articles constituting the sign of a monetary value, are excluded. The products of the copying press and the typewriter are not admitted, nor, as a rule, are printed papers which have been modified after printing, either by hand or by a mechanical process. But the following exceptions are allowed:—Printed circulars may be dated in manuscript or by a mechanical process, and the signature of the sender, his trade or profession, and his address may be added; on printed visiting cards the address of the sender, or formulas of courtesy in not more than five words may be written, and on printed circulars manuscript corrections and insertions may be made as to names of commercial travellers, dates of journey, dates of departure of ships, names of persons invited to meetings, and the place, date, and object of the meetings;

printers' proofs may be corrected in manuscript, errors in other printed documents may be corrected, and figures may be inserted in prices current, stock and share lists, &c. ; books, music, photos, and engravings may have a dedication inscribed on them, and the invoice relating to them may be inclosed ; in orders for books printed on cards, the works required or offered may be indicated in manuscript. Circulars printed or lithographed in characters resembling those of the typewriter, or produced from typewritten originals, will be admitted at the Book rate, provided that they are handed in at the counter of Head Post Office, that special attention is called to their nature, and that at least twenty copies precisely identical are posted at the same time. Blank paper, notepaper or envelopes, and articles of stationery are inadmissible.

The rate of postage on Printed Papers and Commercial Papers for all places abroad is  $\frac{1}{2}$ d per 2 oz. For Commercial Papers the lowest charge is  $2\frac{1}{2}$ d, for which sum, however, a weight of 10 oz. may be sent. If there be any mixture of the two in the same packet the whole packet is treated as Commercial Papers.

Commercial Papers and Printed Papers may be posted either without a cover (in which case they must not be fastened by gum or otherwise), or in an envelope left unfastened, or in a cover open at both ends. The packet may, however, be tied at the ends with string.

To secure the return of packets which cannot be delivered, the name and address of the sender should be written or printed outside.

The limit of size for British Colonies or Possessions or non-Union countries are 2 feet in length by 1 foot in width or depth ; but to Foreign Countries in the Postal Union the length is limited to 18 inches. If in the form of a roll the limits of size in either case are 30 inches in length and 4 inches in diameter. The limits of weight are 5 lbs. for British Colonies or Possessions, and for non-Union countries or colonies ; and 4 lbs. for Foreign Countries in the Postal Union.

All Books and printed matter imported into the United States through the Post, however small the values, are subject to a duty of 25 per cent. of that value. The following articles are still exempt from Custom duties:—1. Newspapers and periodicals already exempt from duty ; 2. Photographs and printed papers, other than Books, received in the United States in such small quantities as to suggest that they are intended for personal use and not for sale ; 3. Books, engravings, music, &c., which have been printed more than twenty years, publications devoted to original scientific research, or printed for private circulation, and works printed exclusively in any other than the English language.

Bound books addressed to Portugal are subject to Customs Duty. The wrapper should bear an indication of the nature of the contents, and also the words " A soumettre à la douane," otherwise the books will be liable to a fine.

#### FOREIGN AND COLONIAL PATTERNS AND SAMPLES.

There is a Pattern and Sample Post to Foreign Countries and the Colonies generally ; but it is restricted to *samples of merchandise or scientific specimens*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, cannot be forwarded as patterns.

No article liable to Custom Duties can be sent as a sample or pattern.

The rate of postage is  $\frac{1}{2}$ d per 2 oz., except that the lowest charge is 1d, for which sum, however, a weight of 4 oz. may be sent.

Patterns or Samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination. But samples of seeds, drugs, and such like, may be posted enclosed in boxes or bags fastened in such a manner that they may be readily opened.

There must be no writing or printing upon or in any Sample Packet for non-Union countries, except the address of the person for whom it is intended,

the address of the sender, a trade mark or number, the price of the articles, the weight or size, and the quantity to be disposed of, or such as may be necessary to indicate the place of origin or the nature of the merchandise. A packet for a country in the Postal Union may contain Printed Papers, and if the rates for Commercial Papers be paid, it may also contain Commercial Papers.

Samples of saleable value must not be sent to any foreign country, or to any of the British possessions which are comprised in the Postal Union.

Liquids, glass, greasy substances, colouring powders, and live bees may be sent only to some foreign countries when they conform to special conditions as to packing, &c.

The limit of weight for British Colonies or Possessions or for non-Union countries is 5 lbs., but for Foreign Countries in the Postal Union the limit is 12 oz.

## FOREIGN AND COLONIAL POST CARDS.

Single and Reply Official Post Cards are transmissible to all parts of the world—Single Cards, 1d each; Reply Cards, 2d each. (Inland Post Cards are transmissible abroad if the additional postage required is supplied by postage stamps being affixed.) Engravings or advertisements may appear on the front of a Post Card, if they do not interfere with the clear indication of the address, in addition to the name and address of the recipient in writing or on a gummed label not exceeding in size 2 inches by  $\frac{3}{4}$  in., and the name and address of the sender indicated in writing, or by means of a stamp, or any typographical process.

Private Post Cards bearing adhesive stamps of the value of one penny, and private reply cards with adhesive stamps of the value of one penny on each half, may be sent as post cards to places abroad, provided that they are in conformity with the official post cards. They must be of the same size and substance as the official cards, and must have the words "Post Card" printed or written on the address side. The reply halves of private double cards must bear the words "Post Card—Great Britain and Ireland" and "Reply." Plain cards without any inscription cannot be sent abroad as single or reply Post Cards.

## FOREIGN AND COLONIAL PARCEL POST.

For Azores (*via* Lisbon), Bosnia, Bulgaria, Cameroons, Caroline Islands, Corsica, Denmark, Finland, Liberia, Madeira, Marshall Islands, Montenegro, Portugal (direct), Roumania, Russia-in-Europe, Samoa (*via* Hamburg), Servia—2 feet in any direction.

Parcels which slightly exceed 2 ft. in length are accepted for transmission to Austria, Belgium, France, Germany, Holland, Italy, Luxemburg, Norway, Sweden, and Switzerland, provided that their other dimensions are inconsiderable.

For Algeria, Annam, Argentine Republic, Azores (*via* France), Bolivia, Brazil, Cape Verd Islands, Cayenne, Chili, China (Kiaochow and Tsintau), Cochin-China, Comoro Islands, Congo Free State, Dutch Guiana, and East and West Indies, Eritrea, French Congo, German East and South-west Africa, Greece, Guadaloupe, Madagascar, Malta, Martinique, Miquelon, New Caledonia, New Guinea (German), Obock, Paraguay, Persia (except Bandar Abbas, Bushire, Jask, and Linga), Peru, Portugal (*via* France), Portuguese West Africa, Reunion, Senegal, Spain, Tahiti, Tonquin, Tripoli (Africa), Tunis, Turkey, Uruguay, Venezuela—greatest length, 2 ft.; greatest length and girth combined, 4 ft.

For Canada—Greatest length, 2 ft.; greatest depth or width, 1 ft.

For Mexico—Greatest length, 2 ft.; greatest girth, 4 ft.

For Japan—Greatest length, 2 ft.; greatest length and girth combined, 6 ft.

For places named in the Table of Parcel Postage—other than those detailed above—same as for Inland Parcel Post.

The postage must in all cases *be paid in advance*, by means of postage stamps affixed by the sender. Each parcel must be plainly directed, and should bear the words "Parcel Post" in the upper left-hand corner, and the name and address of the sender. The date of posting should also be added. A parcel must not be posted in a letter box, but, as in the case of the Inland Parcel Post, must be taken into a Post Office and presented at the counter.

Parcels will be liable to Customs duties and regulations, and the sender of each parcel will be required to make a Customs declaration furnishing—upon a special form provided for the purpose, which can be obtained at any Post

Office—an accurate statement of the contents and value, the date of posting, and other particulars. Arrangements have been made with many Foreign Countries whereby senders may take upon themselves the payment of the Customs charges if they so desire.

Parcels for Her Majesty's ships cannot, as a rule, be accepted for transmission unless the name of the particular place, to which in each case the parcel is to be forwarded, forms part of the address.

No letter whatever may be sent in a parcel addressed to any Foreign Country, or to Australia, British Central Africa, Cape Colony, Natal, South Africa, Fiji, Jamaica, Mauritius, New Zealand, Rhodesia, Seychelles, Straits Settlements, and Trinidad. Invoices in open envelopes, giving particulars of the goods contained in the parcel may, however, be enclosed.

Parcels for Ascension, St Helena, South and Central Africa, and uninsured parcels for Egypt and Zanzibar, must not exceed £50 in value.

Parcels containing coin, watches, jewelry, or any article of gold or silver, cannot be sent by Parcel Post to any Foreign Country or British Possession included in the insurance system, unless they are insured for at least part of their value, and packed according to special regulations.

Parcels should be securely packed, and must, if for Foreign Countries, be so sealed that they cannot be opened without the seals being broken.

#### COMPENSATION FOR LOSS OR DAMAGE.

The Postmaster-General will, subject to certain rules, give compensation for the loss or damage of uninsured parcels sent by Parcel Post to various foreign countries (to amounts not exceeding 12s and 20s) when such loss or damage takes place while the parcels are under his custody; and in the case of parcels lost or damaged while under the control of the Post Offices of these countries, the Postmaster-General will endeavour to obtain compensation for the senders.

#### INSURANCE OF FOREIGN AND COLONIAL PARCELS.

## POST OFFICE TELEGRAPHS.—INLAND TELEGRAMS.

The charge for telegrams throughout the United Kingdom is 6d for the first 12 words, and  $\frac{1}{2}$ d for every additional word. Addresses are charged for.

The telegram forms are of two kinds, the "A 1" form, embossed with a stamp, and the "A" form (given gratis), with no stamp. The "A 1" forms may be purchased singly. They may also be had in books of 20, interleaved, and with a sheet of carbonic paper, price 10s 2d each book.

When the terminal office is a Head Post Office, the amount paid for transmission covers the cost of delivery within three miles or within the town postal delivery when that extends for more than three miles. But when it is not a Head Post Office, the message is delivered free within three miles only. The portage on messages for places beyond the limits of the free delivery will be at the rate of 3d a mile or part of a mile, the charge being reckoned from the office door.

Copies of a telegram directed to more than one person in the same free delivery are delivered at a charge of twopence per copy, in addition to a halfpenny for each word in the address of the copy.

Persons not wishing to send to a Telegraph Office may post a telegram in an envelope addressed "Telegram, Immediate" in a wall or pillar-box, or Sub-Post Office. Telegrams so posted are sent on by next collection to the Telegraph Office for transmission free of extra charge, provided that the proper amounts have been prepaid.

No combination of words is counted as one, with the exception of those which are ordinarily written as one, or coupled by hyphens, as "mother-in-law," "forty-seven." Certain exceptional names, such as O'Neil, MacDonal'd, De la Rue, are charged for as single words. So, too, are names with the prefix "St," as St Pancras; but double names of persons, like Smith-Payne, are counted as two words.

Abbreviations of words, "can't," "won't," "don't," are counted as single words.

Figures are counted at the rate of five figures to a word. Fractions are counted according to the number of figures employed, one figure being added for the mark of division. In groups of figures a stop is counted as a figure. The symbols o/o, a/c, b/l, and c/o are each counted as one word. In ordinal numbers the affix st, nd, rd, or th is counted as two figures—thus "1st" counts as one word, "1432nd" as two words. When figures are preceded or followed by a letter (except in the case of ordinal numbers), the letter is counted as a word. Initial letters are each counted as one word, with the exception of the initials of the London Postal Districts, which are counted as one word for each group. Names of towns and villages in the United Kingdom are counted as one word each.

Anyone may have an abbreviated address registered on payment of a guinea a year, but the registration of abbreviated addresses is not recommended.

The cost of a reply, not exceeding forty-eight words, may be prepaid, and a reply form will then be delivered to the addressee, who will be at liberty to send his reply, from any telegraph office, at any time within two months.

Telegrams can be repeated, if the sender desires it, by being signalled back from office to office. No copy is, in such case, given to the sender. The charge for repetition is one-half the ordinary tariff. Telegrams containing mercantile quotations or figures, and telegrams written in cypher, or according to a preconcerted code, should always be repeated.

## FOREIGN TELEGRAMS.

Foreign telegrams are of two kinds, telegrams in plain language and telegrams in secret language. Those in plain language are composed of words, figures, and letters conveying an intelligible meaning. Those in secret language are divided into: (1) preconcerted language or code, (2) cypher.

Code telegrams are those composed of words, the context of which has no intelligible meaning. Proper names are not allowed in the text of code telegrams, except in their natural sense. Words of more than ten letters are not allowed. In Code telegrams only English, French, German, Italian, Spanish, Portuguese, Dutch, and Latin, may be employed, but words of any or all of these languages will be allowed in the same telegram.

Cypher telegrams are those containing groups of figures having a secret meaning. Telegrams consisting of groups of letters are not accepted, but groups of letters denoting trade marks are allowed in the midst of plain or preconcerted language and are then charged for as figures.

The address of the sender is charged for, if transmitted; in any case it must be written at the foot of the form.

In telegrams written in plain language the length allowed for a word is 15 letters. Additional letters are charged for at the rate of 15 letters to the word.

Subject to the limit as to number of letters, ordinary compound words and names of persons and places, &c., written without break or interruption, are counted as single words. If joined by a hyphen, or separated by an apostrophe, they are counted as so many separate words.

Compound numbers written in words and without break are also counted as single words subject to the same limit as to the number of letters. The name of the office, county, province, and country of destination in the addresses of telegrams are each charged for as one word whatever their length.

Every separate letter or figure is charged for as one word. Figures in groups or letters (denoting commercial marks) in groups are counted at the rate of five to a word, plus one word for any excess. Bars of division, decimal points, and stops used in the formation of numbers are counted as figures. Letters added to figures to form ordinal numbers are counted as figures.

If the sender desires to prepay a reply of 10 words he must insert before the address of the receiver "R P," which is charged for as one word; but if he desires a reply of more or less than 10 words, he must insert "R P—", which is also charged for as one word. A less sum than 10d cannot be accepted in prepayment of a reply. More than 30 words cannot be prepaid.

AND THE

## Business Man.

---

**T**HE Active Man of Business does not have sufficient leisure to enable him to give to Music enough time to learn to play, or to keep up his practice if he has taken lessons when younger; he is therefore dependent upon the performance of others for any Music he may desire to hear.

For people in this situation the PIANOLA is especially adapted. The PIANOLA brings the best Music within the reach of everyone. It supplies the "technique," and leaves the performer free to control the expression.

The PIANOLA has a repertory of about 6000 compositions.

The PIANOLA is not a self-playing Piano; it is an instrument which plays the Piano.

The PIANOLA will play any kind of a Piano, Grand or Upright.

The PIANOLA can be seen and heard in the Show-rooms of the Sole Agents:

THE QUALITY  
OF ALL.**

### LOWDEN'S PATENT.

**O**UR improvements are connected with the flyers, the object being to construct these in a simple and economical manner, and in a way which will permit of the socket being easily removed.

The advantages of such a detachable arrangement are:—

It may be made of steel and hardened, and it can be easily renewed without destroying the legs and the body of the flyer, and it is also in one piece.

### THOMSON'S PATENT.

**T**HIS invention relates to an improved method of lubricating and retaining the oil in the bearings of upright spindles, such as the upright spindles of flax and other spinning frames, and has for its object to save labour and oil, and at the same time provide an efficient lubricating bearing.

The improved spiral arrangement may be applied to plain bearings as well as to conical bearings.

By the employment of this you will find that oiling once a day is all that is required, instead of three times a day with the ordinary spindle bearings as present in use, owing to the arrangements being such that when the spindle is revolved the oil is forced up the spiral groove by centrifugal force, and on the spindle being at rest the oil is retained in the well and so prevented from being lost, as also from dirtying the other parts of the machine.

# LUCAS'S PATENTS—Continued.

## TESTIMONIAL.

LESLIE, FIFESHIRE,  
4TH JANUARY 1899.

Messrs EDWARD LUCAS & SON,  
Dronfield Foundry, nr. SHEFFIELD.

DEAR SIRs,

We have much pleasure in testifying to the worth of "Thomson's Patent Spindles" supplied to us by your firm in the end of 1895. They have given us entire satisfaction in the working, and we estimate the saving in oil and labour to be fully 50 per cent. as compared with what we used on your ordinary spindles formerly.

We are, yours truly,  
WM. LIVINGSTON & SONS.

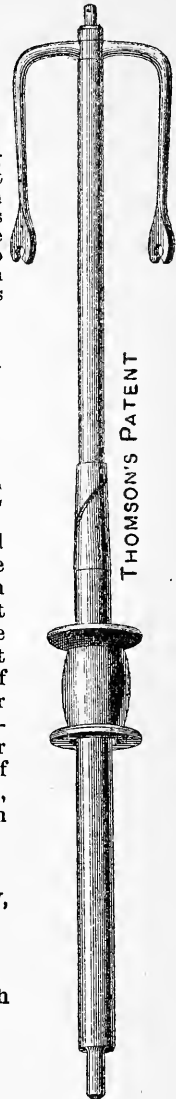

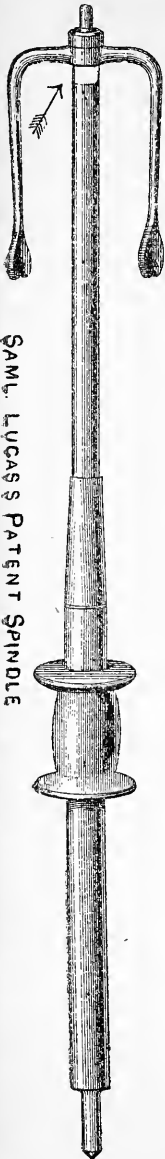

## SAML. LUCAS'S PATENT SPINDLE

**H**AS a collar hardened and fixed under the screw, which can be replaced; and spindles worked down at the shoulder can have this patent collar put on at a small cost. The advantage of this collar is that it prevents the shoulder at bottom of screw becoming untrue by the flyer coming down on shoulder when working, the collar being equal in temper to the flyer. Many thousands of these patent spindles are now running, and are much approved. Also with steel tempered blades.

Over 50,000 running satisfactorily,  
and repeat orders coming  
continually.

This patent can be combined with  
Thomson's Patent Spindle  
(with oil groove).

WE SHOULD BE PLEASED TO  
SEND YOU SAMPLES.

## WHAT SHALL WE DO WITH OUR GIRLS?

In these days of keen competition, we are sometimes at a loss to know what profession to choose that will make our girls independent should anything befall us.

The late Charles Reade, with that sagacity which was so marked a feature of his character, said "that the boy or girl who had a knowledge of Shorthand and Typewriting was safer from poverty than a great Greek Scholar." He undoubtedly voiced a truth which in these later days, is being more and more emphasized.

The profession of Shorthand-Typist is in many respects an enviable one. The work is interesting, the remuneration good, the people with whom one comes in contact are, as a rule, courteous and obliging and the hours are not excessive. No career could be chosen which offers greater inducements to any young lady of good abilities and education.

The principal essentials are a thorough knowledge of **SHORT HAND, TYPEWRITING**, and **BOOK-KEEPING**, as well as an acquaintance with **OFFICE ROUTINE**.

This can be best acquired in the District at the  
**DUNDEE SCHOOL OF SHORTHAND AND TYPEWRITING,**

THE  
**Dundee Burial Society**

Was established on 20th March 1862, for the purpose of enabling working people, by means of small weekly payments, to insure sums at death (according to age and premiums paid when joining). There were on the Register at the end of the year 1900, **15,565** members, and the Society financially was never on a sounder basis, having the large sum of **£6,893 6s 4d** invested with the National Debt Commissioners, and a further sum of **£8,000** invested with the Dundee Police Commissioners, also **£256 17s 4d** in the Dundee Savings Bank, thus making the Society worth over **£15,150**, and if we had retained the **£12,000** paid over in hard cash to members entitled to the Bonuses, the Society would have had cash to the amount of **£27,000** laid past. These Bonuses have helped our members greatly, and have not touched the stability of the Society. There are also one or two benefits which it will be well to bring under the notice of our members, as follows:—

1. The Society being Registered, members are entitled to extracts of deaths at a cheaper rate than unregistered societies.

2. Members can reside in any part of the world without paying any extra premium. The premiums can be sent quarterly, six monthly, or yearly, as may be agreed upon.

3. Members who have been sixteen years in the Society, and are unable to continue paying, *the Society* will pay their premiums for them, and deduct the amount at death without interest.

4. It is eminently a Dundee Society, its head-quarters are in the City. A statement is issued annually, and a Meeting held in February each year, at which all members are invited to take part in the proceedings, and carefully go over the income and expenditure. Any one in good health residing in Dundee can become a member. There are eight collectors (names and addresses on other side), who will be glad to call on any one wishing to join.

# FORWELL'S FAMED BISCUITS, BREAD & CONFECTIONS.

GET THEM.

Winner of National Association Prize and Certificate, 1893; City and Guilds of London Medal, 1894 (*Highest possible in Britain*); Salter's Company of London Prize, 1894, in Bread-Making Science.

## PURITY AND EXCELLENCE.

Mr Forwell can guarantee that all ingredients, flour, &c., are of the PUREST and FINEST quality, as these are personally analysed, examined, and selected in Laboratory adjoining the Factory.

Speaking of these Biscuits, *The Mercantile Age*, April 26, 1885, says:—

"They contain all the elements of nutrition, and are so easy to digest that they favour the proper action of all the vital organs. These being facts, there is no wonder if we say 'Eat Biscuits,' and we recommend Mr Forwell's CABIN or \*ABERNETHY Biscuits as the most valuable, for there is no fermentation or chemicals employed in their manufacture, . . . they are absolutely pure, and should be universally known. . . . We left this factory convinced that persons using Biscuits should try those made by Mr Forwell, otherwise they will never know how perfectly Biscuits can be made."

\*The above Half-Penny Abernethy is now protected by Registration at the Government Patent Office, London.
